

TRAMANE

HEALTHY IMMUNE SUPPORT

Tramane Homeopathic Shark Cartilage combines the natural power of shark cartilage and sound homeopathic principle. Shark cartilage is recognized for its nutritional support which facilitates normal cell growth, supports joint health and facilitates healthy immune function. Combine this with the science of homeopathy and you have a shark cartilage that everyone can take.

Homeopathy is a scientific principle based on using specially prepared natural remedies to stimulate the body's inherent ability to heal itself. It affords the user safe, non-toxic healing responses. The specific substances are diluted using a special process called "succussion". This process yields the transfer of the power of the natural remedy through a series of dilutions. The theory is that the more diluted the homeopathic--the more powerful it is. Tramane is high quality shark cartilage in its most bioavailable form.

1 BOTTLE
ITEM 414 | 2 FL. OZ.
